What is Narrative Therapy? A Definition. Narrative therapy is a form of therapy that aims to separate the individual from the problem, allowing the individual to externalize their issues rather than internalize them. It relies on the individual's own skills and sense of purpose to guide them through difficult times (Narrative Therapy, 2017).

Marital rape or spousal rape is the act of sexual intercourse with one's spouse without the spouse's consent. The lack of consent is the essential element and need not involve violence. Marital rape is considered a form of domestic violence and sexual abuse. Although, historically, sexual intercourse within marriage was regarded as a right of spouses, engaging in the act without the spouse's ...

Dialectical behavior therapy (DBT) is an evidence-based psychotherapy designed to help people suffering from borderline personality disorder (BPD). It has also been used to treat mood disorders as well as those who need to change patterns of behavior that are not helpful, such as self-harm, suicidal ideation, and substance abuse. This approach is designed to help people increase their ...
