This study was motivated by the premise that no nation grows further than the quality of its educational leaders. The purpose of this theoretical debate is to examine the wider context of leadership and its effectiveness towards improving school management. This academic evaluation examines recent theoretical developments in the study of educational leadership in school management.

Kitzmiller v. Dover Area School District, 400 F. Supp. 2d 707 (M.D. Pa. 2005) was the first direct challenge brought in the United States federal courts testing a public school district policy that required the teaching of intelligent design. In October 2004, the Dover Area School District of York County, Pennsylvania changed its biology teaching curriculum to require that intelligent design ...
