In Science We Trust: Poll Results on How You Feel about

For those not in the US apparently wondering how Americans can be so ignorant: US religious organizations proudly spend tens of millions of dollars annually to undermine public trust in science. Science and logic so often destroys faith in US university students that church leaders have denounced all higher education not provided by their own ...

Can we trust peer-reviewed papers? - Loving the Science

We trust science. We trust that scientists have done their work well and honestly when we drive a car over a bridge, ride in an elevator, or undergo a surgical procedure. But we need to be realistic in our trust of scientists. Scientists are human with sin natures just as the rest of the human population.

Can We Trust Science? | The Institute for Creation Research

Discussion is heating up regarding honesty and effectiveness in our system of doing science and communicating it. Refereed journal publications are the main mechanism by which research output is evaluated and presented or not presented to the world and individuals or groups frequently assess how well the system is working.
