Sociology is the scientific study of society, patterns of social relationships, social interaction, and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. While some sociologists conduct research that may be applied directly to ...

History of sociology. History of sociology. Ibn Khaldun (1332-1406) in his Muqaddimah (later translated as Prolegomena in Latin), the introduction to a seven volume analysis of universal history, was the first to advance social philosophy and social science in formulating theories of social cohesion and social conflict. He is thus considered by some to be the forerunner of sociology.
