INTRODUCTION . Conflict-of-interest laws are grounded on the notion that government officials owe paramount loyalty to the public, and that personal or private financial considerations on the part

Conflicts of Interest 2010

The open society was conceived in 1932 by French philosopher Henri Bergson. The idea was further developed during the Second World War by Austrian-born British philosopher Karl Popper.. Bergson describes a closed society as a closed system of law or religion. It is static, like a closed mind. Bergson suggests that if all traces of civilization were to disappear, the instincts of the closed ...

An open standard is a standard that is publicly available and has various rights to use associated with it, and may also have various properties of how it was designed (e.g. open process). There is no single definition and interpretations vary with usage. The terms open and standard have a wide range of meanings associated with their usage. There are a number of definitions of open standards ...
